For your information, attached is an excerpt from the Congressional Record of 12 September covering the Senate approval of the amendment proposed by the Director to Senator McClellan in his former capacity as Chairman of the Senate Government Operations Committee.

The amendment exempts the Agency and the intelligence community from legislation imposing reporting, disclosure and oversight requirements in connection with advisory committees which otherwise would have conflicted with security considerations.

Senate approval of the amendment was routine and without debate and the Director's letter to McClellan was inserted in the Record.
